

Università di Firenze (UDF) will be the Third Party expert in research “A. Faedo” (ISTI), taking ad

Expertise. ISTI and UDF enjoy a long-lasting collaboration for the development of research and education activities based on common projects, including previously EU funded ones like AGILE and SENSORIA, and initiatives concerning mobility of CNR research personnel to University and of professors and researchers to CNR. This collaboration is formalized by an Operative Convention between ISTI and UDF on the research area of Formal Methods and Tools for Computer Science and Technology within a general Framework Convention between Università di Firenze and Consiglio Nazionale delle Ricerche, of which ISTI is part.

Role in ASCENS. ISTI is included in the project as a third party.
